

annual 2009 *report*

community*action* center

w w w . o u r c a c . o r g

Letter from the *President* and *Executive Director*

Dear Friends of CAC,

2009 marked a turning point in the development of the Community Action Center. The poor economy pushed more households than ever before to turn to CAC for assistance. Demand for critical assistance services from CAC was the highest in our 23 year history. For many, the crisis deepened in gravity and length as jobs were slow to materialize. Our donor community was not immune to the economic downturn, and many supporters were forced to reduce their commitments.

CAC responded proactively when faced with the increased demand and the financial challenges of funding operations in uncertain times. We worked aggressively to secure grants to add development and communications staff positions. By having more focused approach in these two critical areas, we broadened our base of support to include funding from new foundations and from many new individual donors. These donations, coupled with our existing generous supporters, enabled CAC to reach the following milestones in 2009:

- CAC deepened and expanded our core of extraordinary supporters who allow us to help many local families facing crisis situations brought about by the loss of a job or personal tragedies. CAC provides food, clothing, emergency financial assistance, educational opportunities for adults, and enrichment programs for youth.
- Our services have evolved and expanded to better meet the needs of those seeking assistance. We increased food and clothing allowances to further help clients; added case tracking for clients receiving financial assistance to guide them through the process of addressing their crisis and track our impact and their progress and added to the educational choices offered to clients.
- Vintage Affair 2009, our annual fundraising event, with The Neighbor Newspapers Inc. as lead sponsor, enjoyed increased exposure. Attendance doubled from 2008, and funds raised grew by 59 percent.
- CAC now partners with 26 congregations in our community. They provide financial and in-kind support, as well as most of our volunteer workforce of more than 200.
- Further deepening its roots in the communities of Sandy Springs and Dunwoody, CAC continues to receive support from a growing number of local businesses, residents, civic organizations, schools, private foundations and branches of local governments.

As we began to digest the impact of this expansion, we believed it was prudent for Community Action Center to engage in a full-blown strategic planning exercise. Over the next few months we will review and refine its mission and objectives; define what the agency will accomplish over the next five years; and the strategies it will employ.

We are grateful for your involvement in and support of CAC. It has enabled us to help local residents make it through crisis situations they faced in 2009. Your continued support of CAC and its mission will take us through 2010 and the years to come so that together we will make a difference each day in the lives of those members of our community most in need of assistance.

Regards,

Cheryl Sykes

2009 Programs & Highlights

EMERGENCY FINANCIAL ASSISTANCE

An average of 75 households a month received financial assistance

FOOD PANTRY

CAC provided food to an average of 330 households per month

CLOTHING (THRIFT BOUTIQUE)

An average of 250 people a month received free clothing

YOUTH PROGRAMS

*195 youngsters attended summer camp programs
120 children received school supplies
614 children received holiday gifts in December*

ADULT EDUCATION

More than 300 people participated in adult education programs

Compassion

meeting *the basic* **needs**
of food and shelter...

Our goals are to prevent homelessness and hunger with short term emergency assistance to families and individuals at risk. The center serves an area with a population of approximately 90,000 residents that is known as a wealthy community. However, local elementary school statistics show that more than 58 percent of students qualify for free or reduced lunch. Therefore, many households in our community have incomes at or close to the poverty level. While the center serves mostly the working poor, income loss, not income level is the qualifying criteria for assistance.

Inspiration

building **stronger** *families for a*
better *future...*

Helping families and individuals remain in their homes during times of crisis helps build stronger, more independent families and a better community. Quality of life programs gives inspiration to adults and children alike. Adult education programs teach computer and life skills that can build job marketability and confidence. Youth programs offer disadvantaged children opportunities such as meaningful summer camp experiences that they otherwise would not be able to afford. Holiday food and gift giving programs lift spirits and bring joy during difficult times.

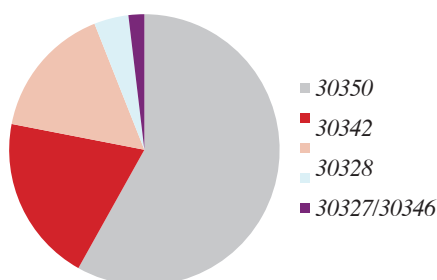

Statement of Financial Position
as of December 31, 2009
