community*assistance*center

Help *Stomp out Hunger* in our community and participate in CAC's **Food `n Fun Challenge**, a food drive to help feed local families in the summer.

CAC gives food to about 500 families a month seeking assistance. Requests for food increase in the summer months when children are home from school but donations to the Food Pantry decrease and shelves often run bare.

### Hold a Food Drive March - April!

Hold your team's food drive food between March and April 27<sup>th</sup>. Or let us know if another week works better for you before then so we can make special arrangements.
